

Lafferty Hall Dedicated As Law Students Resume Studies In New Building

Completely Modern Edifice
Is Named In Honor
Of Law School
Founder

EQUIPMENT MOVED
DURING HOLIDAYS

Building Is Latest Addition
In UKy Construction
Program

By ANDREW ECKDAHL

Nestling northwest of the library the new law building, latest completed structure in the University's million dollar construction program, began housing the College of Law when classes were resumed Monday.

Costing approximately \$100,000, the building has been named Lafferty hall in honor of the late W. T. Lafferty, founder and first dean of the University's law college.

Law books and other equipment were moved from the old law building to Lafferty hall during the Christmas holidays so that the building was ready for occupancy Monday.

An example of modern architecture, the law building is "L" shaped and is made up of one story and a basement.

The main or south doorway of the building leads into a high foyer finished in red brick that gives it a decidedly masculine appearance. The foyer is the only portion of the building decorated in this manner.

To the north along the first story of the building is a hallway finished in glazed buff brick. Offices of dean and faculty of the college open into the east side of this hallway.

The offices are finished in white and are well lighted. Green venetian blinds help to give them an attractive appearance.

Lozenges and two of the three classrooms of the building open into the west side of the hallway. The second year classroom is at the northwest end of the building. Next to it is the third year classroom.

The library, probably the most impressive room in the building, opens into the west side of the foyer. With glass brick along parts of the south and west sides, and a series of indirect lights, the room presents a well but quietly lighted appearance.

Rows of rows of law books line the walls on three sides of the room giving the library a studious appearance of quiet dignity. The north side of the library opens into a stockroom with its multitude of law books.

Contained in the basement of the building is the first year classroom, men's study and locker rooms, offices, stockrooms and the ventilating equipment.

The first year classroom takes up the entire north end of the building. Desks in this room are long and are arranged in tiers.

Large glass windows along the east and west sides of the building, supplemented by indirect lighting, make the room well lighted. Green venetian blinds hang at the east windows of the room.

A large doorway opens from the basement about midway along the east side of the building.

UK Fencing Team Will Be Coached By Former Champ

As a result of the Athletic Council's recent vote to recognize fencing as a minor sport on this campus, the University will soon send into competition a team coached by a former national champion in the art of flourishing the foil.

He is Dr. Scott D. Breckinridge, prominent Lexington physician, who in 1906 and again in 1914 captured the National A. A. U. senior championship and who in 1912 was a member of the United States fencing team which participated in the Olympic games in Stockholm.

Since two months before the Christmas holidays, Dr. Breckinridge has been coaching a small group of fencers at the University on one night each week. The first intercollegiate foil team to represent the University will open its season early in the second semester.

For their first match, the Wildcats fencers are scheduled to meet a University of Illinois team, at Urbana, on February 5. On March 5, a match is scheduled with the University of North Carolina at Chapel Hill; and on April 9, the Kentucky team will meet the University of Cincinnati in the Queen City. Arrangements under way for additional matches have not been completed.

Classes in fencing under C. W. Hackensmith, member of the staff of the physical education department, have been exceedingly popular since they were added to the curriculum in 1934. Interest in installing fencing as a varsity sport increased until the University Athletic Council voted, just before the Christmas holidays, to recognize the sport.

PROFESSORS ATTEND MEET

Dr. C. G. Latimer, Dr. L. W. Cohen, Dr. and Mrs. F. John, Sallie Pence and Prof. D. E. South, of the mathematics department attended the mathematics meeting in Indianapolis December 27, - 31.

President M'Vey Scans '37 News In Air Address

Past Year Placed On Parade
In Radio Broadcast
By University Head

Speaking from the University studio on New Year's Eve, Dr. Frank L. McVey reviewed state, national, and world events of 1937 for radio station WHAS of Louisville.

Following the summary of world affairs, Dr. McVey praised the Chandler administration for its progress and gave a brief discussion of the University's building program.

It was the ninth consecutive year President McVey had placed the year on parade for station WHAS. In his discussion of important happenings of the year just past, he also listed the "industrial war" in Harlan county and the Ohio river flood of last January among the "eventful" and "tragic" happenings of the year.

Speaking of developments in Kentucky, Dr. McVey said: "In our own state things have happened, from the industrial war in Harlan county to the reduction of the state debt now at \$11,000,000."

He stated that Governor Chandler has made progress in the orderly development of his administration and that the state is living within its income.

"Progress is apparent in the construction of the new prison and the hospital for the insane," Dr. McVey declared.

The elevation of Senator Alvin W. Barkley of Kentucky to Democratic leader also was mentioned by Dr. McVey.

Staff Men Attend Scientific Meeting

Bacteriologists Convened At
Washington Assembly
December 28-30

Nineteen staff members, and alumni of the bacteriology department, attended the meetings of the Society of American Bacteriologists held at Washington, D. C., December 28-30. Members of the staff and graduate students of the department presented four papers and two were given by Prof. A. S. Rudolph, a recent graduate of the department.

A feature of the meeting was a luncheon on December 29 for the staff, alumni, and students of the bacteriology department.

The papers presented by the bacteriology department and the authors were:

Bacteria Using Indol in a Tricking Filter: H. E. Calkins, R. H. Weaver and M. Scheraga.

Motility of *Proteobacterium rubrum* den Dorren de Jong, by R. H. Weaver, T. C. Samuels and M. Scheraga.

Staphylococcus Food Poisoning from Canned Oysters, by Paul Majors, R. H. Weaver and M. Scheraga.

A Study of the Paracoli Group, by Jacob L. Stokes, R. H. Weaver and M. Scheraga.

Some Factors Affecting the Germicidal Efficiency of Hypochlorite Solutions by A. S. Rudolph and Max Levine.

A Technique for Preparing Bacterial Spore Suspensions of Uniform Resistance for Disinfection Studies by A. S. Rudolph and Max Levine.

METEORITE LOANED TO GEOLOGY MUSEUM

A sidelite meteorite probably part of the Xiquiluito, New Mexico meteorite has been recently loaned to the Geology Museum by Dr. L. D. Figgins director of the Bernheim Natural History Foundation, it was announced yesterday by David M. Young curator.

The specimen approximately 6 inches long with a diameter of two inches, shows well developed Widmanstater figures. It was formerly part of a display at the Bernheim Museum.

The meteorite will constitute a part of the museum display for several weeks and will be used for study by geology classes.

Student Union Building, Resembles Crazy 'House'

By L. T. IGLEHART

Resembling a carnival "crazy house" of multi-sized blank rooms and endless passageways meeting, turning and separating, the \$250,000 Student Union building presents a jumbled picture in its present unfinished state.

Although the structure is expected to be completed about the middle of February, the work is at a point where the average observer is at a loss to identify each of the numerous rooms as to purpose.

Plastering work is almost completed on the first and second floors, and doors are being fitted throughout the building. Baseboards and facings of steel have already been

Housing at U. of K.

AN EDITORIAL

It is indeed unfortunate that at an University boasting a registration of more than 3,500 students, it is necessary for more than 1,000 of these undergraduates to reside off the campus of the school. It is even more deplorable when one attempts to compare the local condition with that of other educational institutions in this state.

Not of slight importance, and of considerable interest prove figures showing male and female housing conditions of this University. Women's dormitories, Patterson and Boyd halls combined, can accommodate a maximum of but 220 women. In September, before registration began about 50 women were informed by mail that there would be no room for them in the dorms; 50 more were placed on the waiting list as school began; and it was estimated by Assistant Dean of Women Sarah Holmes that approximately 80 more were definitely turned away. How many more were contemplating staying at the dorms and were discouraged cannot be ascertained.

In the men's dormitories conditions were similar in September. The University's three male dorms house a total of 260 men. According to Dean of Men T. T. Jones about 60 men were on the waiting list as registration began, and possibly 100 more were turned away. Here again it is difficult to determine how many more were discouraged.

Boarding House Managers Asked To Meet Tuesday

An Informal Discussion Will
Be Held At 3 P. M.
In Memorial
Hall

In an effort to cooperate with the managers of rooming houses in Lexington who have University students in their care, the dean of men and the dean of women at the University are inviting the managers of these rooming houses to meet with them at 3 p. m. Tuesday, January 11, in Memorial hall, to consider the question of organizing a co-operative House Mother's Club composed of all those who have University students as roomers.

There are approximately 1,000 students living in private rooming houses in the city and the University wishes to bring the managers of these students in closer contact with the University authorities. From time to time problems arise concerning the housing problems of students, and the dean of men and dean of women feel that with the University and the landladies co-operating, many of these problems can be ironed out.

The service rendered by these women, who have this large group of students in their care, is necessary and vital to the successful continuation of the University, and there are doubtless many ways in which they and the University could cooperate to improve this service.

Former Student Killed In Wreck

Marion Ewen Atkinson, 24, a resident of Charleston, W. Va., and former student at the University, was fatally injured December 27 when an automobile which he was driving plunged from the Mt. Sterling pike and overturned, five miles east of Winchester.

Atkinson, who had been visiting his mother in Lexington for the Christmas holidays, died at the Clark county hospital in Winchester three hours after the accident. Both of his legs were broken and his skull was fractured.

Carl Earle, 24, who was riding with Atkinson, received multiple cuts and bruises.

At the time of the accident, Atkinson was on his way back to Charleston, where he was employed by the Commercial Acceptance Corporation. While attending the University, he was a member of the Kappa Alpha fraternity.

HOLMES ATTENDS MEETING

Prof. H. B. Holmes, of the romance languages department, attended the Modern Language Association meeting held in Chicago December 28, 29, and 30. Dr. H. L. Ryland, head of the department, was in Boston and New York over the holidays.

Cadet Hop Will Be Held This Afternoon

First Cadet Hop of 1938 will be held from 4 until 6 p. m. under the auspices of Seabard and Blade, with Bill Cross's orchestra supplying the rhythms. Admission will be twenty-five cents per couple or stag.

JUDGE FINISHES 40TH YEAR AT UK

Richard C. Stoll, Lexington, Bar Member, Paid Tribute For Service To University By President McVey

A record of public service was established Sunday when Judge Richard C. Stoll, prominent member of the Lexington bar, completed his fortieth year as a member of the University board of trustees.

In congratulating Judge Stoll on his service Dr. Frank L. McVey said: "Judge Stoll has served the University effectively and sympathetically. On many occasions he has given his services as a lawyer without cost. Judge Stoll has been a member of the board longer than any other person, which is a tribute in itself, as well as a record."

As a youthful Lexington resident, Judge Stoll was appointed to the University's administrative board in 1898 by Gov. W. O. Bradley. During his years as a trustee Judge Stoll has served with many of the most prominent citizens of the state, including the late James Marcum, General Buell, and others.

During the two score years he has been a member of the University board, Judge Stoll has served under thirteen governors. They include W. O. Bradley, W. S. Taylor, William Goebel, J. C. W. Beckham, Augustus E. Wilson, James B. McCreary, A. O. Stanley, James D. Black, Edwin P. Morrow, W. J. Fields, Flem D. Sampson, Ruby Laffoon and A. B. Chandler.

Judge Stoll served as judge of the Fayette circuit court from 1920 until 1931. He has been prominent in the civic, social, and political affairs of the city and state for a number of years.

At present Judge Stoll is vice-chairman of the board of trustees and a member of the executive committee of the board.

UK "Y" Delegation Attends National Meeting In Ohio

Thirteen students and four faculty members, the largest delegation from any school in the Southern region, represented the University "Y. W. C. A. and Y. M. C. A. at the national assembly of student Christian associations held at Miami University, Oxford, Ohio, December 27 to January 1.

Dean Sarah G. Blanding, one of the leaders in the commission "Students and the Educational System," Bart N. Peak, Elizabeth Cowan, Y. M. C. A. and Y. W. C. A. secretaries of the University respectively, and Prof. Merton Oyler were the faculty members who accompanied the group.

From the Y. W. C. A. were Anne Lang, Rae Lewis, Mary E. Koppfus, Runelle Palmore, Mary Jane Roby, Anne Jane McChesney, Ruth Peak and Janet Fergus. Representing the Y. M. C. A. were Tom Spragens, Dave Lewis, William Craig, Thomson Bryant, and Campbell Miller.

HINKEBEIN WINS PLAYER PLAQUE GIVEN BY LIONS

'Cat Pivot Receives Trophy
For Outstanding Work
On Field And In
Classroom

AWARD INAUGURATES
LOCAL CLUB'S SERIES

Transy Tackle Sweeney Elliott Honored Similarly For Maroon Playing

Sherman Hinkebein, Wildcat football center, was awarded the Lexington Lions' club Most Valuable Player trophy last night by Attorney General Parks at a banquet dedicated to recognizing the outstanding gridmen at the University and Transylvania college.

This plaque is the first of an annual series to be presented by the Lions, who intend to foster the display of fine character qualities on the gridirons at Kentucky and Transy.

Introduced as a star football player, wrestling champ, heavy-weight boxer, captain and coach of the swimming team, Hinkebein became the first winner of the handsome trophy.

Inscribed on the shield are the four requirements an athlete must conform with to win the prize. The quartet includes scholarship, football ability, training and spirit, and leadership.

Sweeney Elliott, Transylvania tackle, received a similar award for his performance under the Maroon banner.

Summer Session Dates Announced

University Elementary And
High Schools Will
Be Open

That the University summer session will open June 13 has been announced by Dr. Jesse E. Adams, director during the summer. The first term will end July 16 and the second will begin July 18 and close August 20.

During the first term both the University elementary and high school will be open for teachers desiring the modern, directed, training method. The opening date for the elementary school will be June 10, the closing date July 15, while the high school will open June 6 and close July 22.

It was also announced by Dr. Adams that three full summer sessions have the same value toward graduation, or an undergraduate degree, as one year's residence.

Information concerning courses and classes may be obtained by addressing the director of the summer session. The dean of men or the dean of women should be consulted as to living accommodations.

Funeral Services Held For Watkins

Funeral services for Isaac G. Watkins, 47, assistant in the University electrical laboratories for 27 years and known to hundreds of engineering students as "Ice," were held December 22 at the C. A. Baker Funeral Home, by the Rev. R. L. Riddell, pastor of the Maxwell Street Christian church. Burial was in Hillcrest Cemetery, with services by the Masonic Order.

Interested in radio work for many years, he was in charge of, and instrument in founding, the University short-wave station, WJL. He also aided in installing equipment for the Lexington police radio station, WPEF.

MASTERS EXAMS SET FOR JANUARY 15

Examinations for graduate students planning to take their master's degree will be given January 15 in the Education building, according to the College of Education. Written examinations will be given in the forenoon and oral quizzes will take place in the afternoon.

Dr. C. C. Ross, head of the educational psychology department and Prof. L. E. Meese, assistant in the bureau of school service are in charge of arrangements.

NEW TRUSTEE APPOINTED

Marshal Barnes, of Beaver Dam, was recently appointed a member of the University Board of Trustees by Governor A. B. Chandler. He succeeds Dr. George Wilson of Lexington.

College Night Is Resumed With Double Feature Bill

With "West of Shanghai" starring Boris Karloff and "Love On Toast" with Stella Arldier and John Payne making up a double feature bill, the Kernel-sponsored College Night will be resumed at 8 o'clock tonight at the Strand theatre.

A story of war-torn China, "West of Shanghai" features Boris Karloff, a Chinese bandit and war-lord, supported by Ricardo Cortez and Beverly Roberts and has been recognized as one of the outstanding adventure pictures of the year.

"Love On Toast," a first-run picture, brings to the public eye two comparatively new stars, whose performances in this light comedy will amply fulfill the laugh side of the program.

Rupp's Sugar Bowl Champs, Toting Yuletide Court Loot, Aim At Michigan Week-end

VESPER SERVICE ARTIST

Stephan Hero To Perform At Sixth Vesper Service

Series Of Sunday Musicales
Will Be Resumed At
4 P. M. Sunday In
Memorial Hall

Stephan Hero, brilliant young virtuoso, will appear as the sixth attraction in a series of Sunday afternoon musicales to be held at 4 p. m. Sunday, January 9, in Memorial hall.

With his father as his first violin teacher, Hero, at the age of eight, won the gold medal of the New York Music League in competition with 10,000 other young musicians.

Later he studied with Paul Strassvich and in 1928 went to Paris, where he studied violin with Jacques Thibaud and harmony and solge at the Ecole Normale. Upon his return to the United States he studied with Louis Persinger.

After becoming the musical protégé of Jose Iturbi he appeared on several occasions with orchestras under Iturbi's direction. During the past year he has appeared with such orchestras as the Chicago Symphony, Rochester Civic, National Symphony of Washington, Toronto Symphony, and Montreal Symphony.

Critics have unanimously mentioned his lovely tone and masterful technique.

Marjorie W. Briggs will assist at the piano. The program follows:

I. Chaconne Vitali

Concerto in E minor Mendelssohn

Allegro molto appassionato

Andante

Allegretto non troppo—Allegro

molto vivace

III. Praeludium and

Allegro Kreisler-Pugnani

Mode Espagnole Percy Fullenwider

Caprice 24 Paganini-Auer

La Ronde des Lutins Bazzini

Alumni Association

To Get New Offices

Announcement that a suite of offices for the Alumni Association will be located in the new Student Union building appears in the current issue of the Kentucky Alumni. It is a publication of the University Alumni Association. These offices will include a directors' room, a staff room, and a library.

The same issue carries a story regarding the Kentucky-Pittsburg Sugar Bowl basketball game at New Orleans; a review of the 1937 homecoming festivities; a list of alumni members who have contributed to the alumni fund during the past year; pictures of reunion groups at the June commencement; and a brief story on the University's all-time-high enrollment for the current school term.

NYA Time Sheets Due Saturday

NYA time sheets are due in the offices of the Dean of Men and Dean of Women at noon Saturday, January 8. It is important that they be turned in by this time.

MURRAY NAMED TO COUNCIL POST

President McVey Designates
Law Professor To Occupy
Vacancy Left On Athletic
Council

Dr. Frank Murray, professor in the College of Law, was recently appointed a member of the University Athletic Council by Pres. Frank L. McVey, to succeed the late Prof. Enoch Grehan, head of the department of journalism.

Professor Grehan had been a member of the council for 20 years, serving as its chairman in 1932 when Dr. W. D. Funkhouser, dean of the Graduate School, was on a year's leave of absence.

In 1932, with Professor Grehan representing the university at the annual Southern Conference meeting, Kentucky and 12 other members of that conference withdrew from the organization and formed the Southeastern Conference.

Dr. Murray, first member of the College of Law faculty to serve on the athletic council, joined the university faculty in 1930, coming here from Missouri. He is a graduate of the University of Montana and holds an S. J. D. degree from Harvard.

Other faculty members of the council, in addition to Pres. McVey and Dr. Funkhouser, chairman, are Prof. E. A. Bureau, Prof. M. E. Ligon, and Dr. Paul P. Boyd. Alumni members are Louis Hiltner, Wallace Muir and William "Doc" Rodas. Student members are David Pettus, Stanford, and Walter Filppin, Somerset.

DR. PALMER ATTENDS NATIONAL CONFERENCE

Dr. Edgar Z. Palmer, professor of economics in the College of Commerce, attended the American Economic and American Statistics Association's Conference in Atlantic City from December 22 to 30.

Also present at the conference were Scott Keyes, now a graduate student at the University of Wisconsin; James Gates, who is an instructor at Clemson College in South Carolina; and former instructors in the University John P. Troxell and Ester Cole Franklin.

While away Dr. Palmer also worked as consulting statistician with the National Research Project in Philadelphia.

SOCIETY MEETS TUESDAY

The University Bacteriological society will meet at 7:30 o'clock Tuesday night, January 11, in Kastle hall. Members of the society who attended the convention of the American Society of Bacteriologists in Washington, D. C. during Christmas vacation will report on that meeting. The latest developments in the field of bacteriology will also be discussed.

Wildcats Tangle With Tough Customers In Spartans And University Of Detroit

LOCALS PULLED UPSET
BY BURYING PANTHERS

Holly Days Bring Triumphs
Over Cincinnati And
Centenary

By MARVIN GAY

A contented Wildcat squad, still basking in the brilliant glow of its Sugar Bowl triumph, journeys to East Lansing to encounter another highly-reputed five-Michigan State's Spartans. And if the Rupp-men hope to add further laurels to their crown, they must perform on the same high plane which they established at New Orleans.

Michigan State's aggregation, always a tough foe, appears to have climbed to new heights. The Spartans have been vanquished. But by whom? Michigan, co-favorites with Minnesota to cop Big 10 honors, eased out a 43 to 40 victory. Which fact points to a titanic struggle Saturday night.

Rest! There is no rest for Kentucky's heroes. They hop over to Detroit to battle with the University of Detroit's famous quintet Monday evening.

'Cats Shook Pitt

Coach Rupp's magic touch again showed itself against Pittsburgh, journeyed from the Bluegrass region to take its place in the national basketball spotlight during the Yuletide holiday.

Kentucky astounded the nation by the manner in which it trounced Pitt's supposedly invincible five, 40-29. The Panthers ruled a 2 to 1 favorite to humiliate Kentucky in its first Bowl invasion.

In this memorial conflict, Kentucky slipped into a 10 to 2 lead in the early moments, as Curtis and Opper peppered the hoop from all angles. The inspired Kentuckians ran their advantage to 28 to 13 at half-time.

Panther Threat Stopped

The veteran Panthers were anything but finished, rallying in the second half to cut the Rupp lead to 31 to 29. Scenting that there was danger of victory being snatched from their grasp, the 'Cats proceeded to play their finest ball of the season. They held Pitt in check, while racking up 9 points.

Scoring by the Blue and White color bearers was well divided. Thompson led with 11 points, and was closely pressed by Curtis, 10, and Hagan, 9. Opper and Rouse played heads-up ball at the guard posts.

It was Kentucky's impregnable defense throughout the first half that caused Pitt's downfall as Opper continually intercepted Panther passes. In addition, the New York lad brought the crowd to its feet with three hits from the center of the court.

Pre-Pitt Preps Futrid

Kentucky performed miserably, but managed to win two warm-up preps during the vacation period.

In a literal battle, the 'Cats ran over Coach Rip Van Winkle's Cincinnati Bearcats, 38 to 21. Four players were sent showerward on persons, while Bob Davis was banished for taking a haymaker swing at Iliff, Cincy forward.

Marion Clugish led all scorers with 8 points, while Hagan, between scuffles, managed to bag 7. The 'Cats led most of the way. (Continued on Page Four)

Kampus Kernels

An important business meeting of all fraternity presidents and treasurers will be held at 7 o'clock Monday, January 10, in President McVey's office.

Pi Sigma Alpha will hold a dinner meeting at 6:30 o'clock, Tuesday, January 7, at the Patio.

The Music Group of YWCA will meet at 3 p. m., Monday, in the Woman's building.

The American Student Union will hold its regular meeting at 7:30 p. m., Monday, in Room 210, McVey hall. A discussion of the results of the national ASU convention which was held during the holidays at Vassar College, will be conducted. Students will discuss the organization's plans for their second semester activity. The meeting is open to all students.

Wanted: Competent typist. Please see Dean Jones.

There will be a meeting of the Bacteriological society at 7:30 o'clock Tuesday night, January 11, in Kastle hall. Members of the society will report on the papers read at the meetings of the Society of American Bacteriologists at Washington.

COMPLETE CAMPUS COVERAGE

Housing at U. of K.

(Continued from page 1)

STUDYING these figures we have a simple picture of the dormitory situation. A total of 480 students may be accommodated and just about as many annually must be denied this housing under orderly administration control. The need for additional dormitories for both men and women becomes increasingly evident.

Interesting it is to study this situation further. Sixteen men's and nine women's greek lodges grace this campus. The male homes can hold an average of 30 students, while the women's groups can house a maximum of 18 each. In this manner 642 additional students may find refuge. We now have placed 1,122 enrollees. What becomes of some remaining 2,400? Of this number possibly 800—a high estimate—are permanent residents of Lexington and Fayette county. Thus, there still remain 1,600 persons attending the University who must seek shelter elsewhere. The necessity for additional dormitories becomes even more pressing.

These remaining students, a great number of whom would undoubtedly welcome shelter provided by the University, must reside in private rooming houses located in various parts of the town. While it is true that many of these rooming houses are approved by University officials, it cannot be denied that it would be beneficial to both the students and the managers of these abodes to become more closely affiliated with the University.

With the intention of effecting this closer alliance between the University, students, and managers of rooming houses, and through the initiative of the Dean of Men and the Dean of Women, a meeting of these managers has been called for Tuesday afternoon, January 11, at Memorial hall. The meeting will be more or less of an informal discussion of the various problems which arise relative to the management of off-campus lodging homes.

It is gratifying to note that a move of a sociological nature is being made on this campus to unite more closely the student body. At the same time, it must be remembered that much of a students' education consists in learning how to manage himself, and an organization of rooming house managers can prove beneficial only if this body acts in a specifically advisory capacity.

For many years it has been the policy of THE KERNEL to recognize maturity in students. It comprehends that on a number of occasions in the past this trust has not always been shared by the administration. And possibly, rightly so—for in the past certain events have hinted at a lack of this maturity. But it must be remembered also that the world moves on and peoples outlook and attitudes change with the evolution. What might have been the case 20 years ago is not necessarily true at present.

An organization of amiable advisors should be appreciated, but a group of sentinels reporting the slightest irregularity on the part of their charges will create only antipathy toward this group and a certain disrespect for the officials sponsoring the organization.

A sincere move to aid is always appreciated by a conscientious student body, but an action of suspicion can bring only distrust.

THE KERNEL sincerely hopes that this group will serve in a friendly, helpful capacity and that it will be successful in bringing about the necessary closer alliance of off-campus lodgers and other students of the University. It will be within the power of this body to be of material assistance. THE KERNEL trusts that its hope is not unfounded.

The world's issue of postage stamps totals approximately 50 thousand distinct varieties. The most "distinct" being those special issues Jim Farley made to edify his friends.

Adoption of movies to supplement but not replace the present system of teaching is being seriously considered at Michigan State College.

Scrap Irony

By HARRY WILLIAMS

THERE is nothing really important about an electric razor. That is to say, nothing that would impress the casual observer. But when a fellow has been selling electric razors for months and has been going with one particular girl for years and this girl knows that the boy is selling electric razors, that he is making his living by selling electric razors, and that he thinks electric razors are a boon to mankind, then we fail to understand why the girl would give the boy an old fashion shaving set for Christmas. It simply doesn't follow.

Not that there is anything wrong with shaving sets. As a matter of fact, we are of the opinion that shaving sets are pretty good, as shaving sets go, but you don't use a shaving set when you have an electric razor. You don't even want to see a shaving set again after you have purchased an electric razor. Shaving sets are absolutely taboo in electric razor circles. It would be just like giving Shirley Temple a pneumatic drill, to give anyone who uses an electric razor a shaving set. And what could Shirley Temple do with a pneumatic drill? She might use it to clean her teeth, but it would be awkward. She couldn't do anything constructive with it.

SIMILE OF THE WEEK:

As indifferent as a mirror.

A friend of ours who goes to Randolph-Macon had an interesting story this Christmas. It seems that things had been going along rather smoothly at Randolph-Macon for years, and then last year one of the professors casually remarked that he didn't seem to be getting in as much work as he used to. His statement started things and a few of the other professors said that they had noticed the same thing, but weren't going to mention it, because they felt that it must be their fault. The authorities began investigating and found that a week had been lost in the school somewhere. They finally found where the error had been made in the school calendar and everything is all right again now. But the incident is pretty profound. Think of losing a week! Bad enough to lose a day when you cross the International date line, but a week, horrors!

It's really too bad that we couldn't save the Panay because a Panay saved is a Panay earned. We can't keep putting our Panays into the Japanese sinking fund!

Comes word from Sewanee, that little school, that the chap who writes the radio column for the Purple has no radio. They are really ingenious down there.

This one must have been a Roman holiday. We've never seen so many people on crutches and with patches on their faces. The most interesting case, however, is that of John Strother. During the ice age which we experienced before the holidays, John wore track shoes and didn't even so much as lose his balance for the three days, but when he got home he fell down a flight of stairs and sprained his ankle. Almost killed him. He was so proud of himself.

Since this seems to be an era of college slang, we bring you the latest in language from the eastern universities. Some of them we've heard and some of them we haven't, but here they are: Fruit Fly—One who studies in a campus candy shop.

Hardware—Jewelry.
Orange Peeling—Necking.
Wheel a sled—Drive a car.
Zipper your pan—Shut up.
Abstiquate—Get out.
Bee Gee O See—Big girl on Campus.
Nubs with yumph—Girls with personality.

Franklin D. Roosevelt, at the moment employed as president of the United States, received one of the cards sent out by the federal unemployment census bureau last week. "Coming events cast their shadows before," or "A word to the wise is sufficient."

"Best driver we ever tested," was the verdict when C. H. Chappel scored 97 out of a possible 100 in driving tests in San Angelo, Tex.; it was later discovered that one of Chappel's eyes is sightless. His ability is likely due to the fact that he can see only half of what distracts the average driver.

For unmounted units, a flag is a color; for mounted or motorized units, a standard; for ships, it's an ensign. And for munitions makers it is something that, if waved a little, will start profits rolling in.

After fifty-one years, a graduate of Massachusetts Institute of Technology in 1886, has returned to the institute to take a course in spectroscopy, which is now his hobby.

A Boston youth was arrested, tried, convicted and sentenced to 30 days in jail for stealing three kisses. Seems to be a rather stiff fine for a little "petty larceny."

SIDESHOW

By DON IRVINE

HAVING been informed by past masters that a controversy is equivalent to a jigger of cod liver oil to a column, and sensing a loss of weight, this one is plunging headlong into an argument. It is an old argument, to be sure, but since campus elections have been spurred up, it is the only one available. Of course, one could lambast the examination system at any other time of year, but just now that is a little dangerous. So, we'll take up this matter of Lexington during the Christmas holidays, which put silver threads in a previous columnist's otherwise black hair last spring.

During the Yuletide respite which has just slammed shut behind us, the collegians of Lexington received invitations of various kinds numbering between fifteen and twenty. These opened up a vista of tea dances, dinners, formals, and egg-nog parties which were to keep vacationists exhaustingly busy. By the time New Year morning arrived, looking a little blurred, people were wishing that there had never been any holiday; that they were unconscious; or dead; anything to keep from facing the let-down of the immediate future. Looking back on the orgy, they might recall as outstanding entertainment the following events.

Most interesting of the afternoon functions was an open house thrown by Mildred Yount at her magnificent Spindletop Hall. It excelled because a pleasant group of people attended; because champagne and a bewildering supper were served; because it satisfied the flaming local curiosity as to the interior of the giant residence; and because, despite the presence of countless detectives, one was made to feel at home. The house itself was amazing, with its spacious ballroom, private bar, soundproof billiard room, staggering library, immense living-room, countless lounges, electric organ, and so on; and with the orchestra, champagne, and personnel, it made a very nearly perfect informal afternoon.

Laurels for staging the best night affair go to Emmy Haggin for her top-notch formal dance of the twenty-third. It could not have been better. Andy Kirk's orchestra did honor to the swingopation end with admirable polish. The crowd, not too large for comfort, was congenial and in fine spirits. Dinner on the house, but a capacity breakfast was served to keep the

guests rational. There were favors to be battled for at intermission. People enjoyed the thing so much, in fact, that it went into a long overtime period, and even then no one wanted to go home.

These are Exhibits A and B. The rest of the gregarious parade was quite as enjoyable and equally well directed. Last year the story was the same, and yet, in a post-season philippic, Columnist Ralph Johnson branded Lexington as "dead" and bemoaned its Yuletide inactivity. He subsequently received an amusingly infuriated epistle from a fellow named Irvine, declaring that Lexington was not dead but Johnson was. Not much water was under the bridge before George Kerler, of Brooklyn and Lexington, plunged in with a published tirade which among other things called my letter to Mr. Johnson "a specimen of classical priggishness," "a smelly affront," "thoughtless mud," "empty pettishness," not to mention one or two choice personal insults which inadvertently crept in while Kerler was not looking.

During the holiday holocaust which has just turned to ashes, I had the pleasure of escorting Mr. Kerler, through the kind cooperation of several hostesses, to seven or eight social stampedes. (Incidentally, Mr. Kerler, this is not an attempt to force you into an embarrassing position, but is simply to prove my point.) As the season was drawing to a close, he reluctantly and with reservations admitted that perhaps Ralph Johnson was mistaken, and that Lexington was definitely undeaf. He even went so far as to state that Lexingtonians were, in their own backwoods way, attractive.

Oh, well, the whole thing is pretty silly. Consider the axe interred.

Across
The Airlines

By PHIL SUTTERFIELD

Before vacation we happened to be in the Ball Room of the Lafayette hotel announcing a remote program featuring Governor Chandler and Mayor Scholtz of Louisville, and heard that Forest Boone, the auctioneer of "Hit Parade" fame was in the same hotel. Immediately we rushed up to talk with this world famous personality and found that the Columbia Network had installed a full set of equipment in his hotel room and he was performing broadcasts directly from the hotel. Each weekday morning at 11:15, Edwin C. Hill delivers his news programs from Columbia's key station at 485 Madison avenue in New York. The announcer is also in New York and introduces the tobacco auctioneer from there, then a rapid switch is made to Lexington and Forest Boone starts his interesting chatter which lasts exactly 23 seconds. Following his "spell" a reverse switch is made back to New York for Edwin C. Hill to present the days news in resumption. If you have time to pay a visit to room 1103 at the Lafayette, don't fail to do so because it is a liberal education to watch the manipulations between New York and Lexington.

If you have noted an improvement in our dramatic productions during the last few weeks, the credit goes to a woman. Yes, the new dramatic producer of the University radio studios is Lucille Thornton, and she handles the job like a veteran. The finished product as it comes out on the air reflects the tedious hours of rehearsal.

How does the orchestra leader and the night owl feel about sustaining broadcasts from the place of business? Recently a survey was conducted by the National broadcasting company in an effort to gather the true consensus of opinion on this matter. In 98 per cent of the cases it was found that both the orchestra and the night club manager were for the idea. Abe Lyman went so far as to say that all orchestras that were trying to make a place for themselves in the music world should attempt to secure a sustaining "spot" on a network in order to keep their name as well as the orchestra in the public eye. The public would soon forget Goodman if he did not make some effort to remain in the limelight dispensing his particular brand of intoxicating "swing."

OVER THE DIAL—Douglas Fairbanks, Jr., turned in a splendid performance on the "Silver Theater" program Sunday. Wonder if Don Wilson knew that he was on the air Sunday night when some of his preceding remarks came through on Jack Benny's program. . . . Peter Grant, chief announcer at WLW, is editorializing each Tuesday and Thursday evening. He features the editorials of nationally known newspapers and tries to present both sides of the question. . . . We have promised Cliff Shaw a "plug" on our news commentary program Friday night for his gracious assistance in "Snoophots" last issue. What worries us is, what has Cliff done that would deserve mention on the air? Anyway listen and maybe it will come out, Cliff.

Carman Bode ringed Wanda Fraser, his Arizona flame.

SAE Jim Doyle walked into a car during the holidays, and as a result is hobbling around on crutches. But he has so much affection for the Alpha Gams that he continues to wait their tables on his wooden legs.

Dot Torstrik received a hope chest for Xmas, but there was no card attached to it. Five to one that it was from suitor "Jo-Jo" Kruze, now playing professional football in Cincinnati.

Joe Wilson and Nancy Ann Jackson did the unexpected and called off their month-old pinning.

Kay Dee pledge Avis Norman and "Sonny" Parrish also chose the Yuletide season as the time of the year to "wash the dishes." In other words they have reached the parting of the ways, by mutual agreement.

While home for the holidays, Dave Rogan took in a dance and was immediately taken by a Miss Floyd from Richmond. Dave thought so much about her that on the way back to school he took the bus to Richmond, just to share her company.

While Claude Terrell was in Florida enjoying the company of horses and dogs, Betty Bakhaus seemed to be enjoying herself in a blue 1938 Convertible Buick. "Grazie" claims that his only interest in Florida this winter were the races but we doubt it very much.

Ruth Johnston has become seamstress for the Henry Clay Hi basketball team. She was very busy Monday at the Kay Dee house sewing zippers on the netter's trunks.

The Alpha Gam eye rinse No. 1, Mildred Kash, is now wearing PI KA Bobby Stiltz's symbol of security. This leaves many a thoughtful young man sitting alone at night with his hands clasped behind his head, softly grumbling. We believed Mildred to have had the pin for the past two months, but she never wore it (in sight) until she attended a dance in the town of Morganfield, which is somewhere in Western Kentucky.

At Glee Club Practice Monday night, Tinker Dean seemed to draw quite a bit of authority over pianist Miss Gethsemer when he shouted loudly in front of the whole club for her to go on home and he would be over in a few minutes.

Kay Dee pledge Allie Kendall made quite a serious mistake just before the holidays and hasn't heard the last of it yet. She wrote a very tender letter to her one and only back home in Cynthiana, and one to her mother at the same time. The mistake was made by putting the love letter in mother's envelope.

Jimmy Groseclose was wearing one of the most depressing looks ever seen, this week. We hear that the very lovely romance between Jimmy and "Blonde Goddess" Edna Hill is definitely and emphatically off. Tried as hard as we could to learn the source of the trouble but to no avail. It seems as if Jimmy's heart is broken. Better think it over Edna, you are losing a fine boy.

According to reports Jean Abel, now attending Southwestern, seemed to be leading one of our UK students in a merry chase during Christmas. Why so glum, Mountjoy? Slipping?

While at the Alpha Gam house Tuesday night we encountered Mary Ellen Ferguson and Red Simpson, the boy with the pretty hair. When asked to tell something on themselves, Mary Ellen said that there was nothing to tell. But quickly she said, "Red, we could do a lot between now and press day." (Ed. Note: Let's go to press.)

Bart N. Peak, director of the University Y. M. C. A., was recently elected president of the Lexington Community Chest by directors of the organization.

Telephone lines
are planted
with plows

RURAL telephone wire—not in cables—can now go underground where bad weather and grass fires can't harm it.

To make this possible, an entirely new kind of wire had to be developed. Special insulating compounds, special splicing methods were devised. Then a simple, economical method of burial had to be found. A special plow solved this problem—one that digs a furrow and tucks away the wire in a single operation.

Just one more step in the process of making Bell System service constantly more dependable.

Why not telephone home tonight? Rates to most points are lowest any time after 7 P. M. and all day Sunday.

Kappa Dance Saturday To Inaugurate Greek Formals

Alumni Gym To Be Scene Of
First Invitational Hop
From 9-12 Tomorrow

Beta Chi of Kappa Kappa Gamma will entertain with a dance from nine to twelve January the eighth in the alumnae gymnasium. The security colors, dark and light blue, will be carried out in the decorations which will consist of a large silhouette of a dancing couple brought into relief by streamers of dark and light blue. This will serve as a background for the orchestra. Lights will be hidden by clusters of balloons.

Chaperones for the occasion will be: Dr. and Mrs. Frank L. McVey, Dean and Mrs. T. T. Jones, Dean Sarah Blanding, Dean Sarah Holmes, Dean and Mrs. P. P. Boyd, Mr. and Mrs. Adolph Rupp, Mr. and Mrs. J. F. Babbitt, Mr. and Mrs. Rhodes Estill, and Mrs. George Newman.

Actives and pledges of the chapter are: Virginia Alsop, Dorothy Babbitt, Jeanne Pat Belt, Clara Bush, Wilma Bush, Naunerle Calhoun, Laurie Cannon, Dorothy Clements, Clemmie Cooper, Mary Dengerfield, Gladys Dimock, Lucy Elliott, Jane Freeman, Sarah Galt, Ruth Gay, Martina Hawkins, Elizabeth Jewell, Anne Law Lyons, Sarah McLean, Genevieve Montgomery, Dot Murrell, Ruth Peak, Katherine Richardson, Lillian Gaines Webb, Mildred Webb, Mildred Wheeler, Patty Field Van Meter, Elizabeth Zimmer, Rosemary Taylor, Frits Jillson, Josie Tunis, Mary Louise Naive, Leigh Brown, Mildred Bryan, Mary Gore Rhodes, Jean Mahan, Virginia Richey, Virginia Smith, Sallie Cannon, Margaret Donaldson, Laura Lyons, Harriet Lyle, Sara Revel Estill, Josephine Thompson, Betty Smith, Susan Clay, Mary Henderson, Nancy Duncan, Mary Ellen Mendenhall, Mary E. Mills, Ruth Ware, Mary Frances Gay, Eliza Turk, Mary Wiedeman, Emmy Lou Turk, Mary Duncan, Anne Otter, and Martha Chauvet.

Holiday Weddings

Many marriages were solemnized during the holiday season. The following are among those university students who were married during that time:

Celeste Royster Thompson to John Peirce Crosby, December 18.
Edith Lorine Woodburn to Dr. Jackson McLean Bray, December 23.
Mrs. Ruth Bryant Sullivan to Henry Seymour, December 14.
Margaret Downer Taylor to Dr. Francis Galloway, December 24.
Billie Walker to Samuel Russell Tabor, December 25.
Martha O'Hara to Reginald Rice, December 25.
Hope Sullivan to William G. Haag, Jr., December 25.
Mildred Brady to Eugene Bryant, January 1.
Mabel Storm to L. Ray Smart, December 10.
Mary Eleanor Clay to William Ingram Goodwin, January 1.
Dorothy Perkins to Wallis Chilton, January 2.
Ann Frances Pennington to Robert H. Moore, December 30.
Martha Elizabeth Bass to T. J. Brandenburgh, January 1.
Clara Hughes to Theodore Wilson, December 28.

Sigma Chi

Lambda Lambda of Sigma Chi held open house for the Chi Omega sorority the week preceding the Christmas holidays. The house was decorated with a large Christmas tree and other traditional Yuletide trimmings. A buffet supper was served.

A Christmas dinner was served on the Friday before the holidays. Members and their guests were present.

Dinner guests this week were Charlene Davidson, Naomi Estill, Betty Bakhaus, Martha Ammerman, Florine Justice, and Dorothy Babbitt.

STUDENT UNION

(Continued from Page One)

the basement will probably be completed last. The front entrance opens into a small hallway leading to the cafeteria. On one side of the hall will be a soda grill while on the other side will be the men's lounge and barber shop. A kitchen, dish-washing rooms, and store rooms are to be placed back of the cafeteria. There will also be two smaller dining rooms, one of which may be converted into two rooms by means of a sliding door.

A double stairway leads to the first floor on to the gallery which runs from the great hall to the back of the building. On either side of this gallery is a check room. The first floor will also contain a reading room, women's lounge, beauty salon, game room, social room, offices, and a large room to be used jointly by the Y. W. C. A. and Y. M.

C. A. At the extreme rear of the first floor, a room will be devoted to art exhibits and musicals.

On the third floor, the mezzanine which overlooks the grand hallway leads by another hall to the ballroom. A confectionery room and a woman's lounge will be placed on either side of the hall. On one north end of the large ballroom, facilities for serving sandwiches and coffee will be installed with elevator service between the cafeteria and this floor. Above this serving room is a gallery for dance orchestras. From the ballroom two doors lead into a promenade deck looking toward Stoll field.

The dance floor and other floors in the building will be covered with linoleum; the remainder of rooms to use matted floors.

A furnishing committee is now working on plans for equipping the building. The committee is composed of the following: Roger Brown and Dorothy Murrell students; and Dean Sarah G. Blanding, Miss Laura Deephouse, Prof. E. W. Rannels, and James S. Shropshire.

New UKy Art Club To Be Open To All

Organized to interest laymen in art education and the development of hobbies and to aid teachers of art, a new Art club at the University is open to all, the only cost being the purchase of needed materials.

The club is at present busy with two projects, the opening of a hobby club for children and the organization of a puppet class under Oscar Patterson, University student and professional puppeteer, which will begin the first Thursday in January.

Club meetings will be held at 7:30 o'clock every Thursday night in Room 170 of the Training school. Chairman of the group is Mrs. Ruth Haines, teacher of elementary education at the University school.

A sociologist of Indiana University hired "a well known expert in theft" by the week to tell him about the "trade." Then he compiled a lexicon of terms in underworld jargon for the several branches of thievery.

Seeing the University Man

With ROBERT S. COHEN

Usually, this time of the year the college man has but two thoughts in mind — the coming exams and the bargains he can get at the January Clearance sales. There is nothing you can do but cram for the exams. As for the bargains—this new year has ushered in countless numbers of them—all you have to do is go down town and buy.

Angelucci & Ringo have included in their sale, Arrow shirts at a very good saving. They are all winter patterns and in the lot are demi-bosoms and detachable collar shirts, in addition to the regular long point and tab collar shirts.

Kaufman's are offering a reduction of 20% on all suits and overcoats. A large selection of colors, styles, and sizes are obtainable.

Shoes are also at a reduction.

All shoes previously mentioned in this column, comprise a portion of the sale stock at Baynham's. You can get that extra pair now.

Getting back to the formals and other numerous dances on the campus—Do you need a tax or tails? Paritz Men's Shop is just the place for a good fit. Mr. Paritz personally attends to the fittings.

The new Hickok braces are being featured at Thorpe's. These suspenders are not ordinary elastic webbing, but fine materials made stretchable by a secret, exclusive Hickok process.

The collar of the Week—The Walton

This week's Arrow starched collar is the Walton, which somewhat resembles the Kent. The points, however, are a bit rounder. These different styled collars, appearing in every issue of this column, are to be chosen to flatter your face.

A little tip to the university girl, as well as the university man — Fraternity and sorority jewelry may be had at Joe Rosenberg's.

Y. W. C. A. Activities

Friday

1 noon-Dutch Lunch club meets at the Maxwell Street Presbyterian church. Mary Jane Roby will speak on the National Student Assembly.

Monday

3 p.m.-World Fellowship group meets in the Woman's building. Miss Sarah G. Blanding will speak on "World Community."
3 p.m.-Music group will meet at the Woman's building.
3 p.m.-Handicraft group will meet at the Woman's building.
4 p.m.-Senior Cabinet will meet in the Woman's building.

Dr. J. E. Adams, head of the department of Educational Philosophy spoke last night before a regular meeting of the Somerset Kiwanis club.

Annual Farm Group Session Scheduled

Experiment Station Will Be
Scene Of Convention
January 25-28

The 26th annual Farm and Home convention will be held at the University experiment station, January 25 to 28. Approximately 1,200 are expected to meet and discuss various phases of agriculture and home economics.

A tentative list of speakers include Dr. Viva Booth, Ohio State University; Dr. Fannie Brooks, University of Illinois; Dean Thomas P. Cooper, College of Agriculture; Chester C. Davis, member of the Federal Reserve Board; Judge Camille Kelley, of the Memphis Tennessee Juvenile Court; Caroline B. King, woman's editor of "The Country Gentleman"; Dr. Walter C. Lowdermilk of the Soil Conservation Service; Dr. Frank L. McVey of the University; George D. Munger, of the Rural Electrification Administration; W. L. Myers, governor of the Farm Credit Administration; John C. Nicholls, president of the Kentucky Bankers' Association; F. M. Rayburn, of the Bureau of Old Age Insurance; Dr. H. R. Tolley, chief administrator of the Agricultural Adjustment Administration; and Dr. E. C. Young, Purdue University.

Subjects to be discussed at length include a national policy for agriculture, soil conservation, rural electrification, social security for farmers, farm credit, balanced farming systems, farm family financing, and consumer organization.

Special sessions will be held on poultry raising, beekeeping, on crops and soils, rural engineering, and rural social problems.

Members of Homemakers' clubs will meet throughout the four days.

SUTHERLAND IS SPEAKER

Prof. W. R. Sutherland, of the University English department, was one of the principal speakers at the annual banquet of the Fayette County Farm Bureau held December 23 at the Phoenix hotel. Several hundred members of the bureau and their friends were in attendance.

MATHEMATICS SOCIETY WILL HOLD INITIATION

Pi Mu Epsilon, honorary mathematics society, will have initiation services and a banquet at 6:30 o'clock tonight in the Wellington Arms. All members of the club will be present.

Mrs. Charlotte John, J. E. Davidson, and Frank McGee, all of Lexington; Eugene Corum of Louisville; and Glenn Clark, of Hickory, will be initiated.

FUNKHOUSER AT MEETING

Dr. W. D. Funkhouser, head of the zoology department, was elected vice-president of the Entomological Society of America at its annual meeting held in Indianapolis, December 28-30. This is the largest society of its kind in the world. Dr. Funkhouser has been a member of the organization for 25 years, was made a fellow in 1918, and has been on the executive committee for the past three years.

Fletcher Valentine knows tobacco values...like so many other independent experts he smokes Luckies!

"I've bought 4,000,000 pounds of tobacco at auctions in the past ten years," says Mr. Valentine, independent buyer of Westfield, N. C., "and my bread and butter depends on making the right bids. That's why I have to know tobacco values."

"Now I've smoked Luckies ever since 1918, and the reason is, they suit my taste to a 'T'. Nobody knows better than we tobacco men that Luckies are made of the finest center-leaf tobacco."

Yes—and that isn't all...Luckies' exclusive process, "It's Toasted" takes out certain irritants naturally present in all tobacco—even the finest! The result is that you will find Luckies not only taste good but are easy on your throat.

Surely, independent experts like Mr. Valentine make good judges of cigarettes...Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all other cigarettes combined!

BULL PEN

By GEORGE H. KERLER

WHILE the campus peasantry toddled through the Yule yawn, Mr. Adolph Rupp's schoolboys, displaying the tops and bottoms of basketball, happily demolished three court opponents, Cincinnati, Centenary and Pittsburgh. If, by chance, you remained in Lexington to watch the Wildcats fight (not an understatement) Cincinnati, you saw what looked like Friday night in Madison Square Garden. A few of us walked in late and after one glance hurried out with the belief that a Golden Gloves tournament was in full swing.

The Reds added to their score while the Cats were sleeping and menaced the breach of confidence. But a few body blows and crisp shots sent the Ruppis into safety and Christmas began happily.

Against Centenary the Blue nifties put on an inferior exhibition. We won the contest, 35-25, and some people referred to the game as the bombardment of Boyd hall. Judging from the way the Euclid netters pitched the pellet around, one might think they had taken to imitate Van Lingle Mungo on an off day.

Based on the Centenary show little hope was nursed for the Wildcats down in New Orleans. Pitt had, eight games worth of experience in her hands and the Ruppis had but three litters sessions. But whatever mystic strength Adolph commands, he put it into the Blue viens. Kentucky came out Sugar Bowl champs.

Bernie Opper and Red Hagan sparkplugged the Wildcats to victory. Right off the bat, Opper, who seldom shoots for points, stood in the Panther outfield and threw three strikes down the basket's throat. This started the Blues off like the hare against the tortoise.

Pittsburgh came back in the second semester and edged within three points of the Cats' lead. Hagan called off a temporary surrender and demanded some scoring. So Smokey obliged his request by personally heaving Kentucky beyond the Panther claw. Pitt tried desperately to regain its earlier momentum but Opper suddenly came to life and wrecked their offense.

Bernie played his high school basketball in New York where they concentrate on offensive play. Down here coaches require that a player be competent also on the defense. Bernie suffered awhile during his freshman and soph years while learning the art of blocking and guarding. But against the eastern champs Opper blossomed out and killed the Panther threats with a joyous demonstration of how to joy the lead.

Another Refugee? From all evidence the theme song over in the coaches' office recently was "Out of the Trenches by Christmas." First Porter Grant looks his luggage and pushes off for Auburn. Then a week later Tom Gorman, in a barber's chair, announces that he also has thrown in the towel. Wonder if Chet Wynne is lonesome.

Rupp Solves Cluggish's Pullman Problem

Despite the seriousness of the journey to the Sugar Bowl, Wildcat coach Adolph Rupp never lost his sense of humor.

Somewhere between Birmingham and New Orleans, the Ruppmen slept in Pullmans. When yawns became abundant, Adolph announced, "Let's go to bed, boys."

And eyeing Marion Cluggish six feet eight inches center Rupp advised, "Clug, you take the aisle."

W.A.A. News

It was announced at the W. A. A. council meeting this week that Frances Laval was the winner of the archery tournament that was held this fall. Irene Wilmott had the next best score.

Frances House, volleyball manager announced that the volleyball games will begin Monday and Tuesday. A make-up practice will be held Wednesday. Plans were made for two volleyball games to be held with the intramural team in the gym annex. The first one will be at 7:30 o'clock Friday night; the second will be held Wednesday night, January 12th, at the same time. The teams will be mixed.

Plans were made for a picture show benefit to be held February 25th at the Kentucky theater. Rubelle Palmer will be in charge of the ticket sale.

A discussion was held on the topic that the W. A. A. will present at the Southeastern conference this spring. Eleanor Snedeker was chosen to be leader of this discussion at the conference. The topic to be presented will be "Way's and Means that Women Athletic Associations can Raise Money."

Ten Indian Masks Given To Museum

Information Obtained From
Survey By Webb,
Funkhouser

Modeled from measurements of skeletons now in the Museum of Anthropology and Archaeology and native Indians of New Mexico a set of 10 Taos Indian masks have been made and presented to the museum by Dr. J. D. Figgins of the Bernheim Institute. The masks will be used for comparisons of Indian types.

Information concerning native Indians of Kentucky was obtained from surveys made by Prof. W. S. Webb and Dr. W. D. Funkhouser, of the department of Archaeology and Anthropology.

The typical Indian was found at Taos, New Mexico, and the masks were modeled after him and members of his tribe. Fifty masks were completed by Dr. Figgins and his assistant, Joseph Spears, a student at the University.

A group of busts representative of Indian types were also presented to the museum last fall by Doctor Figgins. He is a member of the Bernheim foundation and is connected with the new Bernheim Museum.

EQUIPMENT DISPLAYED AT ZOOLOGY SEMINAR

Inspection of the scientific equipment in the zoology department was made at the weekly zoological meeting Tuesday. The instruments brought here by the Spencer Lens Co., and the Bausch Lomb Optical Co., were on exhibition.

Prof. Alfred Brauer, assistant professor of zoology, gave a brief talk on some of the papers presented at the recent scientific meeting in Indianapolis and Paul Simpson spoke on "The Habits and Importance of the Owl Family."

Dr. W. R. Allen, professor of zoology, presided at the meeting.

BAGBY, UK GRAD, IS VISITOR XMAS

R. C. Bagby, Kenton county, Kentucky, a member of the June 1937 graduating class at the University and now in training for the Army Air Corps at Randolph Field, San Antonio, Tex., was a visitor at the University during the holidays.

Two other University students who are now in training at Randolph Field are J. W. Pulcher, Dixon, Ky., and Tommy Nichols, Lexington.

Among other visitors on the campus during the holiday season were two former students who completed two years work at the University. They are Roger Allen, Covington, first year cadet at Annapolis, and Darwin K. Oliver, Hazard, third year cadet at West Point.

PRE-MEDS TO HEAR VANDERBILT DOCTOR

Speaking at the semester banquet of Pryor Pre-Medical Society, to be held in the Red Room of Lafayette hotel, at 7:30 p. m. Monday, will be Dr. Karl E. Mason, of the Medical School of Vanderbilt University who is famous throughout the nation for his work on vitamins. All persons interested are urged to attend.

The admission price of the banquet is one dollar. Tickets may be obtained from the following officers of the society: Elmer Eversole, Jack Mohny, Lewis Haggin, Ralph Congleton and James Nest. Sales will close Monday at noon.

Tom Gorman, Line Coach, Joins Football Abdicators

Tom "Kitty" Gorman line coach, has joined the ranks of refugees from Kentucky football. He is the second Blue grid pundit to resign his position within the last three weeks. Porter Grant, assistant varsity mentor, preceded Gorman out of the Blue Grass.

A favorite son of Notre Dame, Gorman came to Kentucky in 1935 succeeding Ted Twomey, another South Bender who left the locals to coach at the University of Texas.

"Kitty" was a typical Irish player. He centered at Notre Dame in 1931-32-33 and became one of the outstanding pivots in the nation. During his sophomore year, he worked under the late Knute Rockne as a member of Rock's "Shock Troops." Irish critics will tell you that on the field Gorman was a fighting savage, a terror to opposing backfields.

After he graduated, Gorman studied law at South Bend and tutored Rambler freshmen. In 1935 he received his law label and came to Kentucky to assist Coach Wynne with line problems.

Admired by all the Wildcats as a friend and a coach, Gorman's departure upset the 'Cat camp considerably.

He left for Chicago where he will pursue bar examinations and then assume a position in the district attorney's office. Frequently, Gorman referred to politics as his hob-

by but few predicted that he would desert football for government.

Tom gave a minimum of reasons for leaving Kentucky. It is understood that he objected to the insecurity offered by one year contracts. Any other reason was not disclosed by the athletic department.

The outstanding piece of work turned in by Gorman during the past campaign was his scouting of the Manhattan Jaspers, who Kentucky trampled, 19-0, in one of the season's most sensational upsets. If you recall that game nothing that Manhattan did surprised the Wildcats. Gorman's espionage report was a masterpiece of accurate detail.

Appendectomy Beds Kittens' Grid Coach

Frosh football coach Frank Moseley, former Alabama quarterback, is recovering satisfactorily from an appendicitis operation performed December 29 in the Good Samaritan hospital.

Though confined to his bed, Moseley cheerfully plays host to troops of visitors and gives advice to all his freshmen charges whose problems are continual and endless.

"Mose" expects to be taken to his home here next Monday.

SUGAR BALL AWARDED TO "SMOKEY" HAGAN

Happiest contestant of the Kentucky-Pittsburgh Sugar Bowl basketball game is Red Hagan, Wildcat forward, who was awarded the ball used during the battle. It was

with this pellet that Red threw the Ruppmen out of danger in the second half when Pittsburgh was creeping up on the Kentucky.

Sugar Bowl officials presented the sphere to Hagan after the tilt. "Smokey" was chosen the outstanding player of the nation's outstanding net game.

*Greetings to
Chesterfield Listeners
Lawrence Tibbett*

Here's
more pleasure
for '38...

a happier new year
...and more pleasure for the
thousands of new smokers who
are finding out about Chesterfield's milder better taste.

Mild ripe tobaccos and pure
cigarette paper are the best ingredients a cigarette can have
...these are the things that give you
more pleasure in Chesterfields.

Chesterfield
...you'll find MORE PLEASURE
in Chesterfield's
milder better taste
